

Three Tenure Track Biology Positions

Institution: [Howard University](#)
Location: Washington, DC
Category: Faculty - Science - Biology
Posted: 12/02/2014
Application Due: 02/17/2015
Type: Full Time

THREE TENURE-TRACK BIOLOGY POSITIONS

Howard University invites applications for three tenure track positions at the rank of ASSISTANT PROFESSOR, although highly qualified candidates will be considered at the rank of ASSOCIATE PROFESSOR:

1. Virology
2. Bioinformatics and Computational Biology
3. Molecular Biology (cancer biology focus is preferred)

These positions start August 2015.

Qualifications: Candidates for these positions should have a Ph.D. with postdoctoral experience in the relevant field, and have an established record of research productivity, potential for extramural funding, and demonstrated teaching excellence. Successful candidates will join a diverse and growing department (<http://biology.howard.edu>) and are expected to develop an externally funded research program, direct M.S. and Ph.D. students, and participate in teaching of introductory general biology courses, as well as develop courses in their own specialty.

Interested applicants should submit a single, merged pdf file that includes a cover letter, curriculum vitae, brief description of research interests, teaching experience, and teaching philosophy to hubiology.dept@gmail.com. Applicants should also arrange to have three letters of reference either emailed to hubiology.dept@gmail.com or sent directly to: Dr. Clarence M. Lee, Chairman, Biology Department, Howard University, 415 College Street NW, Washington, D.C. 20059. All materials must be received by February 17, 2015. Candidates on the final list will be required to submit additional material. Screening of applications will be ongoing until the positions are filled.
